Santiago Ixculutla, Nayarit, Mexico

Estimado Sr. Amezquita y Sr. Zepeda:

This letter serves as confirmation that GOCA has received your annual updated application paperwork and serves to notify you of continuing certification. Your certificate number **614201** is in process of certification renewal and is in current status. Section 205.404 (c) of the National Organic Program, states “Once certified, a production or handling operation’s organic certification continues in effect until surrendered by the organic operation or suspended or revoked by the certifying agent, the State organic program’s governing State official, or the (NOP) Administrator.”

While GOCA is scheduling the annual review and on-site visit, we wish to remind you that it is the organic producer’s responsibility to read and understand the National Organic Program Standards. Organic certification is regulated by Federal Law and any person that willfully violates the law may be subject to a civil penalty.

Congratulations on your certification progress and remember that certification is a continuing process and GOCA is here to assist you with compliance questions that you may have.

Should you have any other questions or concerns, please do not hesitate to contact me.

Sincerely,

Ysult Marc
GOCA Application Coordinator
